Terms of the District Court, third Monday April and the first Monday in October.

EDITORIAL.

First Blackburn, then Depew. Have the Senators arranged to commit matrimony in alphabetical order?

THE Philippines tariff problem seems to be very puzzling to the democrats in Congress as well as to the republicans.

It is a wise striker who knows enough to know when the strike is over without waiting for an official notification.

PRESIDENT ROOSEVELT seems to like Congress at his dinner-table, which is seldom without Senators or Representatives.

CONGRESS is singing the same old song of work that is being heard from all the country's industries. It's contagious.

The assurances of officials that they are willing to continue drawing salaries must be getting a little monotonous to President Roosevelt.

Peoria, Ill., holds the record for wholesale jag-making. Its distilleries transformed 800,000 bushels of corn into whisky in a single week.

THE Senate could not have done anything more pleasing to the people than show its disposition for promptly ratifying the new Hay-Pauncefote treaty.

Secretary Hay has precedent in his favor in refusing to testify in a State court on matters connected with the foreign relations of the Federal government.

The Virginia Constitutional Convention, which promise to sit all winter, has another factional fight on its hands, over the question of abolishing the county court.

The Chinese are again kelling each other on the streets of San Francisco. Another reason for reenacting the Chinese exclusion law and making its provisions more stringent.

A Pure Grape Cream of Tartar Powder

DR. PRICE'S CREAM BAKING POWDER
Awarded Highest Honors, World's Fair Gold Medal, Midwinter Fair

Ex-Congressman Bourke Cockran's oratory for the Boers would carry more weight if the fact was not so generally known that he sells oratory to all who have the price.

Nobody in this country is likely to be alarmed about the talk of a commercial alliance between Germany and Great Britain against the U. S. It will take place about the same time that water and oil are successfully mixed.

PRESIDENT ROOSEVELT was a guest at a farewell stag dinner given in Washington by senator Depew who is about to start for Europe, where he will be married this month.

The yellows might at least have waited until after Christmas—the season of peace and good will—before they sprung that "deadly" fight between Senators Foraker and Hanna on a patient public.

The agreement between the two McKinley Memorial Associations would doubtless be satisfactory all around, altho we are still of the opinion that the country is big enough, rich enough, and under obligations enough to erect both monuments, and that eventually it will.

The news that president Diaz will extend the time until next April for wheat and corn to enter Mexico free of duty was doubtless gratefully received by the overworked railroads, one of which had announced that no more wheat for Mexico could be handled for the time.

What a pity! The editors of the Chicago yellow journal, who were sentenced to prison by one judge for contempt of court, were released by another, on the ground that harsh criticism of a judicial decision is not contempt of court. That last judge is likely to have that decision come home to roost.

THE ruling of the Treasury Department, that under the recent Supreme Court decision shipments cannot be made from a U. S. port to the Philippines in vessels carrying a foreign flag, will help along American shipping a little, but it can be helped a whole lot more if Congress will do its whole duty by passing a good shipping bill. For ourselves, we have no doubt that Congress will do this at this session.

Good Luck for Some Concho Poepie.

Notice of receipt of Township plat.

DEPARTMENT OF THE INTERIOR.

UNITED STATES LAND OFFICE.

Prescott, Ariz. Dec. 11, 1901. Notice is hereby given that the East half of Township No. 12, N., R., 26 East has been surveyed and the official plat thereof has been received in this office.

The said plat will be officially filed January the 11, 1902, on and after which day applicants for entry for lands in said township will be received and acted upon. FREDERICK A. TRITLE JR. Register.

County Teachers Institute.

The teachers' institute met at 9 a. m. Tuesday of the fourteen county schools were represented by the following teachers:

J. W. Brown, J. T. Brown, A. S. Gibbons, D. D. Collins, J. N. Bilyeu, Leila Kempe, Pearl Uudal, Amelia Hunt, W. S. Gibbons, Gracia Fernandez, C. Jensen Charlotte Kempe, E. L. Crooper, Berth F. Fearon, Naomi Freeman, E. S. Perkins, Lavenia Berry, R. E. Ling.

Supt. Hogue presided with becoming dignity. Miss Fernandez was elected secretary, Committee on resolutions: Reamer Ling, J. N. Bilyeu, E. L. Crooper.

Committee on association: E. S. Perkins, Naomi Freeman, J. W. Brown.

Miss Lovenia Berry, derisor of the musical part of the program, assisted by others, gave some very entertaining music. Alex. Shreeve on behalf of the citizens of the town gave a most pleasing welcome to the teachers. Response by R. Long was well received.

Supt. Hogue read a very interesting address.

Miss C. Jensen read an instructive paper on Primary Reading. She also read Mr. Perry's paper on Grammar which was sent by Mr. Perry who was detained at home on the account of sickness.

Miss Fearon discussed advanced reading. Same said there were no real good readers.

Miss Udall discussed writing. Others in talking on this subject several criticised the California Vertical system of writing.

Mrs. Freeman gave a very interesting talk on Primary work in numbers. This was followed up by others discussing advanced work in Arithmetic.

Of course there lots of different opinions expressed on the same points. But it seemed that not many professed to be doing more than they actually were. This shooting away over the heads of pupils seems to be going out of date.

The debates were indefinitely postponed on account of not having suitable quarters for night sessions.

Mr. D. W. Rencher of Nutrioso was kept at home by sickness. On Monday night the 16th there was a banquet for the teachers. The number present was limited because many were tired out by long cold rides into town. The committee has a fine spread and all enjoyed the good things there were to eat.

WEDNESDAY.

The institute met again on Wednesday morning, this time in St. Johns Stake Academy. Mr. A. S. Gibbons discussed history, and was followed by Mr. J. N. Bilyeu talked on geography. He was followed by others. Mr. W. S. Gibbons handled the subject of physiology and hygiene in an interesting manner. Others talked on the same subject. Mr. Ling disassembled book keeping.

Miss Leila Kempe gave a very instructive talk on drawing showing her manner of teaching that subject in the Primary Grade. It was very much objected to by some that the primary grades should be loaded down as they are by the text books on history, geography and physiology. Prof. Patterson and Miss Jennie Berry gave a very interesting musical number on mandolin and organ.

Word analysis was treated in a talk with use of blackboard by E. S. Perkins. Miss Fernandez read a good paper on rhetoric, followed by Mr. Ling who gave a talk on the same subject. Miss Lovenia Berry read a good paper on civics. Miss Charlotte Kempe gave an interesting paper on school law. Music was furnished by Prof. Patterson, Miss Alice Berry and Mr. Davis.

Are you in need of a new suit, Pants or Over coat? If so call on us and have your measurement taken. We have one thousand of the latest samples to select from. Prices are reasonable, fit and satisfaction guaranteed. Respt. St. Johns Drug Co.

To Cure a Cold in One Day.
Take Laxative-Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c.

If you need any thing in the ready to wear line call at the Drug Store. They have just opened up a nice line of Capes, Jackets, Cloaks, Wrappers, Skirts, Shirts Waists, Fascinators, Union Suits, etc. etc. Call and examine our goods. No trouble to show goods.

A Pointer for Inventors.

If you wish your patent business properly and promptly done send it to SWIFT & CO., PATENT LAWYERS, opposite U. S. Patent Office, Washington, D. C. They have no dissatisfied clients. Write them for their confidential letter; a postal card will bring it, and it may be worth money to you. See their advertisement elsewhere in this paper.

NO STRIKES THERE.

Compulsory Arbitration of Labor Disputes in New Zealand.

System Has Had a Six Years' Trial and is Found to Work Satisfactorily—Law Governing Women an Child Labor.

H. H. Luak, formerly a member of parliament of New Zealand, was before the industrial commission at Washington the other day. He explained the system of arbitration in New Zealand, which, he said, had been extremely satisfactory. This system was in the form of compulsory arbitration, and it had six years' trial. The fact that there is compulsory arbitration there made both employers and employers very careful as to the justice of their cases before they act.

In these courts of arbitration in New Zealand no lawyers are allowed to appear; only the interested parties are heard.

Labor organizations in New Zealand are generally incorporated and they found no disadvantage in such incorporations.

The arbitration law had been favored by the employees and fought by employers before it was enacted. Up to last year three-fifths of all labor in New Zealand was organized. Practically the scales of wages in New Zealand are made by the labor organizations for the men outside the unions as well as those within them. The arbitration court of New Zealand never fixes the maximum rate of wages; it simply fixes the maximum rate of wages that can be paid. The operation of this system, he said, does not hamper industries, for the reason that in the six years it has been in operation the industries of New Zealand have increased one-third; this was by an increase in old industries and the springing up of new ones.

The eight-hour law prevails in New Zealand. No woman can be employed in a factory there until she is at least 18 years of age and then she can be employed not more than 44 hours a week, which allows an eight-hour day and a half holiday for her.

No child can be employed in a factory under 16 years of age. Parents are subject to fine and imprisonment if they do not send their children to school a certain number of hours daily. Children must attend school three days out of four, and he said, statistics show that 29 per cent. more children are in school in New Zealand than in any other country in the world.

A WORTHY SUCCESSOR.

"Something New Under The Sun."

All Doctors have tried to cure CATARRH by the use of powders acid gass, inhalers and drugs in paste form. Their powders dry up the mucus membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the diseases. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted parts. This wonderful remedy is known as "SNUFFLES THE GUARANTEED CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve HAY FEVER or COLD in the HEAD.

CATARRH when neglected often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the direction which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the "GUARANTEED CATARRH CURE."

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. E644 EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

Stop the Cough and Work Off the Cold.

Laxative-Bromo Quinine Tablets cure a cold in one day. No Cure no pay. Price 25 cents.

It will pay you to purchase your boots and shoes from the Drug Co. they carry a complete line of the celebrated Wells shoes the best on earth. Prices are as low as the lowest, quality considered.

CALL FOR BIDS.

THE HOME GOLD CURE.

An Ingenious Treatment by Which Drunkards are Being Cured Daily in Spite of Themselves.

No Noxious Doses. No Weakening of the Nerves. A Pleasant and Positive Cure for the Lipnor Habit.

It is now generally known and understood that Drunkenness is a disease and not weakness. A body filled with poison, and nerves completely shattered by periodical or constant use of intoxicating liquors requires an antidote capable of neutralizing and eradicating this poison, and destroying the craving for intoxicants. Sufferers may now cure themselves at home without publicity or loss of time from business by this wonderful "HOME GOLD CURE" which has been perfected after many years of close study and treatment of inebriates. The faithful use according to directions of this wonderful discovery is positively guaranteed to cure the most obstinate case, no matter how hard a drinker. Our records show the marvelous transformation of thousands of drunkards into sober industrious and upright men.

WIVES CURE YOUR HUSBANDS! CHILDREN CURE YOUR FATHERS! This remedy is in no sense a nostrum but it is a specific for this disease only, and is so skillfully devised and prepared that it is thoroughly soluble and pleasant to the taste, so that it can be given in a cup of tea or coffee without the knowledge of the person taking it. Thousands of drunkards have cured themselves with this priceless remedy, and as many more have been cured and made temperate men by having the "CURE" administered by loving friends and relatives without their knowledge in coffee or tea, and believe today that they discontinued drinking of their own free will. DO NOT WAIT. Do not be deluded by apparent and misleading "improvement" Drive out the disease at once and for all the time. The "HOME GOLD CURE" is sold at the extremely low prices of One Dollar thus placing within reach of everybody a treatment more effectual than others costing \$25 to \$50.

Full directions accompany each package. Special advice by skilled physicians when requested without extra charge. Sent prepaid to any part of the world on receipt of One Dollar. Address Dept. E644 EDWIN B. GILES & COMPANY, 2330 and 2332 Market Street, Philadelphia.

All correspondence strictly confidential.

TURK LIKES YANKEE NOTIONS.

Sultan Becomes Interested and Opens the Door to American Electrical Appliances.

The United States charge at Constantinople, Mr. Griscom, has written the state department, under date of September 1, 1900, that about two months ago a United States firm made a shipment of electrical appliances to Constantinople. Upon arrival there the merchandise was refused admittance to the empire, the introduction of electrical appliances of any description being prohibited. Griscom caused some samples of the goods—small reading lamps, toys with storage batteries attached, etc., to be taken to the palace and brought to the attention of the sultan. The latter was much attracted by the novelty of the articles and bought the whole consignment for his personal use. He also authorized the importation of similar articles.

BEGINS HIS LIFE'S WORK.

Alfred G. Vanderbilt Takes Up the Problem of Earning a Living with \$50,000,000 to Start On.

Alfred Gwynne Vanderbilt, possessor of \$50,000,000 and head of his house, the other day did the first day's work of his life. Bright and early he was at the Grand Central station, full of zeal and enthusiasm, to learn the railway business. He took his place among the other young clerks in the treasurer's office of the New York Central and with them remained on duty till four p. m., with an hour off for luncheon. "He is a young man of sense," said Treasurer Rossiter, "and he feels the responsibility that his wealth has brought upon him. Like all the Vanderbilts, he wants to be a keen man of business, and so he has started in to learn the workings of the great property in which he has such a large interest."

"He will do his work with the other young men, who are a fine class of boys," continued Mr. Rossiter. "Their salaries average \$25 a week. I can't say what Mr. Vanderbilt's salary will be. Of course he won't have to remain during office hours. The great demands of his estate will take him from here often. I don't suppose he will have to ask me when he wants to go out for half an hour."

And Mr. Rossiter laughed at his joke.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable. HEAD NOISES CEASE IMMEDIATELY.

F. A. WERNER, OF BALTIMORE, SAYS: "Continued:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that, only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours, F. A. WERNER, 720 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation. Examination and advice free. YOU CAN CURE YOURSELF AT HOME at a nominal cost. INTERNATIONAL AURAL CLINIC, 595 LA SALLE AVE., CHICAGO, ILL.
